SCHOOL OF PHARMACY**
APPLICATION FOR ADMISSION TO THE DUAL DEGREE PROGRAMS

The VCU School of Pharmacy offers dual degree programs for highly motivated and qualified pharmacy students. These programs offer formal training in research in pharmaceutical sciences or in areas such as business administration, public health, and aging. The dual degree programs take advantage of efficiencies in both the professional and graduate programs while maintaining sufficient rigor, scope, and depth. These efficiencies typically allow students to graduate in a shorter period of time when compared to completing each program separately. Currently, there are four dual degree options available:

- PharmD/PhD
- PharmD/MBA
- PharmD/MPH
- PharmD/Certificate in Aging Studies

Application process

Students are strongly encouraged to contact the appropriate faculty representative of the dual degree programs *before* submitting a formal application. The list of faculty representatives is provided on the next page. The application deadlines are provided below; however, students are encouraged to apply as early as possible. A list of admissions requirements is provided on the next page.
